Introduction:

In collaboration with SAFEA, Integra, and ACDIS, we are pleased to announce a comprehensive

بالتعاون بين شركة المنظومة السعودية لتطوير التعليم و التدريب (صافية) و شركة انتيجرا و الجمعية الأمريكية لتحسين التوثيق السريري، يسعدنا أن نعلن عن الحزمة التدريبية الشاملة بعنوان

"Clinical Documentation Improvement Specialist Program and ACDIS CDI Apprenticeship"

This blended model is designed to target both:

- ICD-10-AM based countries (Saudi Arabia, Bahrain, Qatar, Australia ..etc)

- ICD-10-CM based countries (UAE, Oman, USA .. etc):

تم تصميم هذه الحزمة لتزويد ممارسي الرعاية الصحية برحلة مكثفة في مهنة التوثيق السريري.
وتنقسم الحزمة إلى جزئين:

About the Certified Clinical Documentation Specialist (CCDS) Credential

Clinical documentation specialists understand a wide range of specialized disciplines, including education in anatomy and physiology, pathophysiology, and pharmacology; knowledge of official medical coding guidelines, CCHI/MOH, and private payer regulations related to the Value Based Healthcare (VBHC); an ability to analyze and interpret medical record documentation and formulate appropriate physician queries; and an ability to benchmark and analyze clinical documentation program performance. The Certified Clinical Documentation Specialist (CCDS) credential is a mark of distinction for this unique profession. Applicants who pass the exam receive the designation CCDS.

Mission statement

The mission of the CCDS credential is to elevate the professional standing of clinical documentation specialists. The program draws from experienced clinical documentation specialists in the field to establish criteria for competency in the broad and multidisciplinary bodies of knowledge clinical documentation specialists must possess. These include knowledge of healthcare and coding regulations; anatomy, physiology, pharmacology, and pathophysiology; proficiency in medical record review; communication and physician query techniques; and data mining and reporting functions.

Who should attend with the required experience as a clinical documentation specialist? (TARGET AUDIENCE)

- CDI specialists: RNs/MDs
- CDI managers/directors
- Case management directors/managers
- HIM directors/coding managers
- Revenue cycle directors
- DRG coordinators
- Physician advisors/champions
- Quality integrity personnel

Objectives of certification

The objectives of the Certified Clinical Documentation Specialist program are to:

1. Provide special recognition to those clinical documentation specialists who demonstrate mastery of an acquired body of knowledge and skills in clinical documentation improvement through successful completion of the certification process.
2. Promote documentation and medical records integrity by helping clinical documentation specialists define and obtain the requisite knowledge and skills necessary to fulfill their responsibilities.
3. Support compliance efforts by promoting a Code of Ethics for clinical documentation improvement specialists.
4. Assist hospitals and healthcare entities in identifying individuals with substantive knowledge, experience, and skills in clinical documentation improvement for the benefit of their organization.

Certification is valid for two years from the date of the exam and may be renewed according to the process explained in the Recertification page.

Course 1:

Clinical Documentation Improvement Specialist (CCDS):

The goal is to enhance the clarity and completeness of patient documentation in medical records, covering diagnoses, problems, treatments, and progress.
The CDI Program is a five-day course aimed at offering immediate, implementable strategies to enhance clinical documentation.
It also facilitates the smooth adoption of ICD-10-AM/ACHI/ACS and AR-DRGs in Saudi Arabia.

الهدف هو تعزيز وتحسين عملية التوثيق السريري، بما في ذلك التشخيصات والمشكلات والعلاجات والتقدم.
يقدم برنامج تحسين التوثيق السريري على مدار خمسة أيام تفاعلية بهدف تقديم استراتيجيات فورية وقابلة للتنفيذ لتعزيز التوثيق السريري.
كما يسهل التبني السلس لـ ICD-10- AM/ACHI/ACS / AR-DRGs في المملكة العربية السعودية.

Course 2:

ACDIS CDI Apprenticeship:

The Association of Clinical Documentation Improvement Specialists (ACDIS) proudly introduces a new certificate program for individuals aspiring to enter the clinical documentation field.
The ACDIS CDI Apprenticeship is a comprehensive certificate program combining essential CDI education with a review of core compliance and ethical principles. Upon passing the final exam, candidates are awarded a certificate in CDI foundational training and may designate themselves as ACDIS-Approved CDI Apprentices.

يعد برنامج ACDIS CDI Apprenticeship المقدم من الجمعية الأمريكية لتحسين التوثيق السريري برنامجاً شاملاً، حيث يجمع بين التعليم الأساسي في التوثيق السريري ومراجعة الامتثال الأساسي والمبادئ الأخلاقية.
بعد اجتياز الاختبار النهائي، يتم منح المرشحين شهادة في التدريب الأساسي في تحسين التوثيق السريري ويمكنهم تعيين أنفسهم كمتدربين معتمدين من ACDIS.

Main Theme

Course 1: Clinical Documentation Improvement Specialist (CCDS)

An in-person interactive course for 3 days [5 hours per day].

- Learners will get a Protected version of the PowerPoint presentation.
- The recording will be available for 21 days.

Course 2: ACDIS CDI Apprenticeship

Access provided for 60 Days

- 5 modules devoted to key concepts and responsibilities of CDI specialists
- 4 modules devoted to clinical conditions every CDI specialist must master
- 1 module devoted to core ACDIS guidelines, including:
    - ACDIS Code of Ethics
    - AHIMA/ACDIS Guide to Compliant Query Practice
- Each module is followed by a quiz on that module's topics.
  Only after successfully passing all 10 modules does an individual receive the certificate stating they have demonstrated knowledge of foundational CDI education.

Objectives

By the end of this event, the learners will be able to:

1- CDI perspective on ICD-10-AM, ACHI and ACS Coding Standards and Saudi Billing System (SBS2.0)** standards that affect hospital reimbursement and quality metrics.

2- The Activity Based Funding/Management (ABF/M) initiative and the impact of specific and accurate documentation on hospital reimbursement.

3- Scenarios/Case Studies for educating physicians on the basics of case mix, AR-DRGs, billing, reimbursement and the value of complete documentation on organizational and professional profiling.

1. منظور CDI بشأن معايير الترميز ICD-10-AM ACHIgg ACSg ومعايير نظام الفوترة السعودي (SBS) التي تؤثر على مقاييس التعويض والجودة في المستشفيات.
2. تأثير التوثيق السريري الدقيق على تعويضات المستشفيات.
3. مناقشة سيناريوهات مختلفة لتوضيح القيمة المضافة من التوثيق السريري الدقيق والمتكامل.

4- Describe how to promote clear and complete documentation of the patient's diagnosis, problems, treatment, and progress in the clinical (or medical) record.

5- Identify the primary benefit of the Clinical Documentation Improvement Program to support quality patient care.

6- Illustrating how to ensure that all clinical staff caring for patients in present or future episodes of hospitalization have access to the records they need to optimally care for the patient.

7- Defining the new CDI specialists to their roles and responsibilities and ensuring foundational competence.

8- Discuss how to save time and resources developing internal training for new employees who are inexperienced with CDI.

4. وصف كيفية تعزيز التوثيق السريري الواضح و المتكامل لتشخيص المرض ومشكلاته وعلاجه والتقدم المحرز في السجل السريري (أو الطبي)
5. تحديد الفائدة الأساسية من برنامج تحسين التوثيق السريري والذي يدعم تقديم رعاية ذات جودة عالية للمرضى.
6. توضيح كيفية التأكد من أن جميع العاملين في المجال الطبي الذين يعتنون بالمرضى في الوقت الحالي أو في المستقبل لديهم إمكانية الوصول إلى السجلات التي يحتاجون إليها لرعاية المرضى على النحو الأمثل.
7. تعريف المتخصصين الجدد في مجال تحسين التوثيق السريري بأدوارهم ومسؤولياتهم والكفاءات الأساسية.
8. مناقشة كيفية توفير الوقت والموارد في تطوير الموظفين الجدد في المنشأة و الذين ليس لديهم خبرة في مجال تحسين التوثيق السريري

Instructors

Powered by ACDIS's leading experts

We are the pioneers in the CDI field. We are the Association of Clinical Documentation Integrity Specialists (ACDIS), the only association dedicated to the CDI profession. It is an organization that provides the industry thought leadership, CDI practice guidelines, and a community where CDI professionals share the latest tips, tools, and strategies to implement and evolve successful CDI programs. We bring ACDIS-approved best practices and guidance to your organization.
