EMPOWERING HOSPITALS TO LEAD IN CLINICAL RESEARCH

Partner with NAMA CRO – Your Strategic Research Ally in Saudi Arabia

Clinical Trials Unit (CTU) Development

We build and equip full CTUs — ready for clinical trials from day one.

Research Support Unit

We create end-to-end research backbones — regulatory, data, and quality.

Training Academy

We train your teams in GCP, clinical operations, and medical writing excellence.

Publications & Journals Services

We establish your own indexed journal and publication hub to boost visibility.

System Development and registration NCBE

We design and launch compliant IRB systems for ethical, efficient research.

KEY SERVICES

150+
research projects delivered

2,000+
scientific publications supported

15+
years of team experience

We don't just consult — we build your research ecosystem from the ground up.
