INTEGRA RCM & RCM SOLUTIONS

COMPANY PROFILE

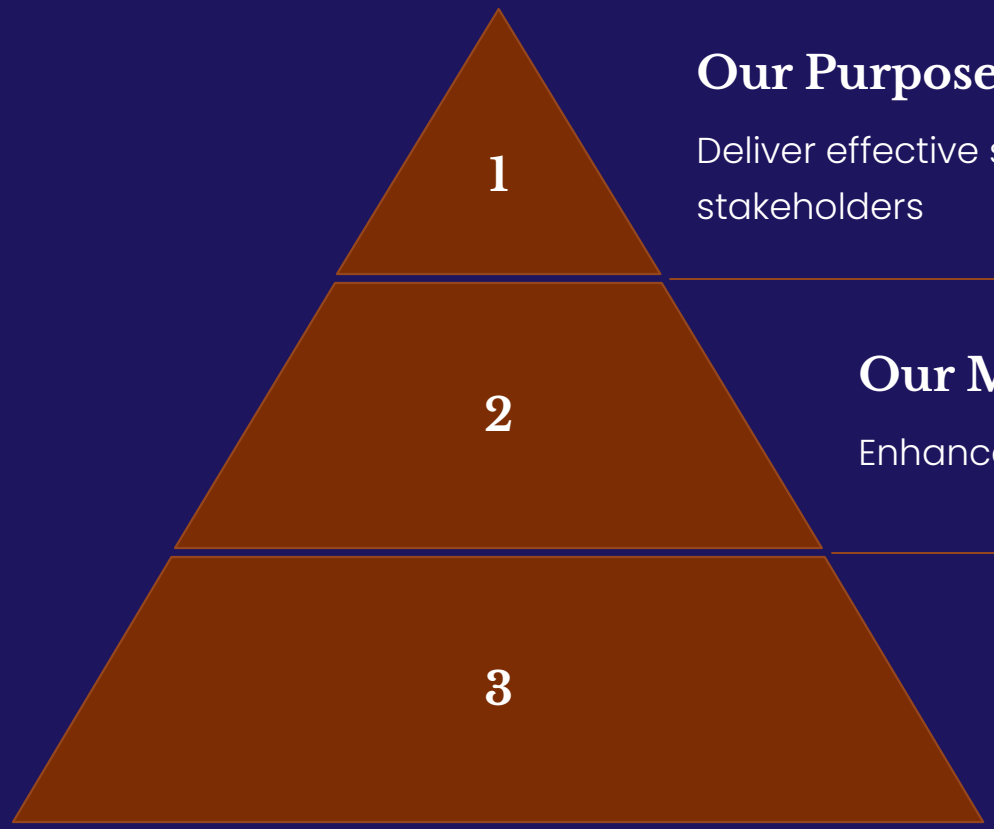
Raising the Bar in Healthcare through Unified Technology

Welcome to Integra United Business Services

At Integra, we don't just provide services; we craft solutions. As a leader in revenue cycle management, medical coding, training, and healthcare tech, we're not just keeping pace with the industry—we're defining its future.

Headquartered in Riyadh and licensed by the Saudi Council of Cooperative Health Insurance, Integra is your gateway to healthcare innovation. With a passion for excellence, we merge cutting-edge technologies—like artificial intelligence, process automation, and machine learning—with global best practices to revolutionize healthcare systems in Saudi Arabia.

Our Purpose, Mission & Vision



Our Purpose

Deliver effective solutions that benefit customers, industry, and stakeholders

Our Mission

Enhance organizations through advanced technology

Our Vision

Transform healthcare through smart, practical solutions

At Integra, we are driven by our commitment to excellence. Our purpose guides our strategic decisions, while our mission directs our daily operations. Through our focused vision, we work to revolutionize healthcare services by combining quality, teamwork, and honesty with innovative technological solutions.

integra

ABOUT US

Integra is a leading company specializing in **Revenue Cycle Management (RCM)**, **training services**, **medical coding**, and **healthcare technology solutions**. Headquartered in Riyadh and licensed by the **Council of Health Insurance (CHI)**, Integra plays a strategic role in improving healthcare services across Saudi Arabia.

Our innovative solutions combine modern technology—**process automation**, **artificial intelligence (AI)**, and **machine learning (ML)**—with global best practices to enhance operational efficiency and maximize accuracy in revenue management and collection. We are dedicated to helping our clients increase revenue, reduce costs, and improve customer satisfaction.

Introduction to Integra Academy

Game-Changer in Healthcare Education

Introducing Integra Academy—a game-changer in healthcare education.

Next-Level Accreditation and Training

Our academy delivers next-level accreditation and training, empowering employees with the knowledge they need to excel.

Fueling Organizational Development

This isn't just about individual growth; it's about fueling organizational development for our partners, ensuring that every skill learned translates into measurable success for their operations.

But we don't stop there. Integra Academy is designed to take healthcare education to new heights, providing comprehensive solutions that benefit both individuals and organizations alike.

Why Choose Integra

Innovative Solutions

AI-powered revenue cycle management and medical coding solutions, fully compliant with Saudi healthcare regulations.

Unmatched Expertise

AAPC-certified coders and HIMSS-certified consultants with over 100 years combined experience in Saudi healthcare.

Global Collaboration

Strategic partnerships with Saudi Health Council and international tech leaders, advancing Vision 2030 healthcare goals.

Empowering Education

Our Academy has trained 1,000+ professionals with 95% certification success rate in healthcare management and coding.

From Riyadh to Jeddah and across MENA, Integra combines local expertise with comprehensive solutions to drive healthcare excellence.

integra

Integra: Leading the Way Across the Kingdom

1

AI-Powered Insights

Cutting-edge technology transforms data into actionable intelligence

Optimized Outcomes

360° benchmarking and streamlined processes for maximum efficiency

At Integra, we transform complex challenges into streamlined processes, ensuring that healthcare providers and insurance companies operate in harmony to deliver the best outcomes for their patients and stakeholders.

3. Empowering Human Capital: Training & Development Services in Healthcare

Through Integra Academy, and in collaboration with our global and local partners, we deliver a distinctive and forward-thinking suite of training and development programs designed to enhance human capital in the healthcare sector.

Clinical Documentation Improvement (CDI)

Elevating the accuracy and quality of medical documentation as the foundation of healthcare excellence.

Clinical Coding Training

Sharpening skills in medical coding with a focus on precision and compliance, building on documentation expertise.

Revenue Cycle Management

Mastering the essentials of efficient claims and revenue handling, applying coding knowledge in practical scenarios.

Healthcare Data Analytics & Reporting

Unveiling insights through advanced data analysis and reporting strategies, leveraging comprehensive understanding of healthcare processes.

Professional Communication Skills

Strengthening interpersonal dynamics for seamless teamwork and collaboration, completing the holistic healthcare professional development journey.

All of our medical training courses are accredited by the Saudi Health Council, ensuring they meet the highest standards. Each course is crafted with a focus on practical application and offers valuable professional hours, empowering healthcare professionals to excel in their roles.

4. Pioneering Digital Solutions: Technology and Artificial Intelligence Services

At Integra, we deliver tailored technological solutions that meet the evolving demands of healthcare organizations. By integrating advanced health information management and artificial intelligence technologies, we empower organizations to operate at their highest potential.

Healthcare Information System (HIS)

Streamlining operations for healthcare facilities with cutting-edge electronic management systems.

Revenue Cycle Management System (RCM)

Optimizing financial operations through innovative digital platforms for seamless revenue cycle management.

Claims Auditing System (CAS)

Enhancing accuracy in medical and financial claim audits with advanced technological tools.

Advanced Data Analytics

Designing intelligent data frameworks supported by AI to provide actionable insights and elevate decision-making processes.

By combining innovation with precision, Integra ensures healthcare organizations are equipped to embrace the future of digital transformation, driving efficiency and achieving sustainable success.

Strategic Partnerships: Local and Global Collaborations

At Integra, we are proud to collaborate with leading local and international organizations to enhance our capabilities in revenue cycle management, healthcare, and technology solutions.

Healthcare Excellence Partners

- Association of Clinical Documentation Improvement Specialists (ACDIS) - Enhancing clinical documentation accuracy and supporting healthcare providers
- American Health Information Management Association (AHIMA) - Advancing best practices in health information management
- Virtual Medical Academy (VMA) - Providing innovative e-learning programs for healthcare professionals

Technology & Business Solutions

- Data Agility - Advanced solutions in data governance and analytics
