Marketing Analysis, Budgeting, and Revenue Estimation (2025–2026)

This presentation provides a comprehensive overview of the marketing analysis, budgeting, and revenue estimation for Integra's operations in Saudi Arabia and the GCC region for the years 2025-2026. We'll explore market opportunities, share goals, and strategic recommendations across various segments including RCM solutions, academy training, consulting services, and a new accreditation service offering.

Market Overview and Share Goals for 2025–2026

The healthcare IT market in Saudi Arabia is experiencing robust growth, driven by Vision 2030. Substantial investments are being made in clinical coding, CDI solutions, DRG, HIS, and AI-powered RCM systems.

Market Segment	Market Size (2025)	CAGR (2025–2030)	Integra's Current Share	Goal (2025–2026)	Notes
Clinical Coding Solutions	SAR 2 billion	10.5%	<1%	3-7%	Focus on AI coding tools
CDI Solutions	SAR 1.6 billion	7.8%	<1%	6-12%	Integration with HIS and DRGs
AR-DRG Grouper	SAR 1.1 billion	5.1%	<1%	6-10%	Driven by DRG policy compliance
HIS Enhanced	SAR 3.4 billion	9.2%	10.8%	15%	Align with HIS updates for government contracts
AI Solutions (Scribe, Coding, RCM)	SAR 1.8 billion	15%	<1%	10%	Target private hospitals

Key Takeaways

Governmental Sector

There is significant revenue potential in RFPs targeting public hospitals, driven by regulatory compliance and Vision 2030 initiatives.

Private Sector Goal

Secure contracts with 40 private hospitals for RCM services in 2025.

Academy Market Size and Share Goals

Training Area	Market Size (SAR)	Annual Growth (2025–2030)	Integra's Target Share (2025–2026)
CDI Training	SAR 75 million	8%	10%–12%
Coding Training	SAR 100 million	10%	15%
RCM Training	SAR 90 million	9%	12%
HIM & HI Programs	SAR 65 million	7%	8%
Auditing Training	SAR 45 million	6.5%	6%

1 Academy Focus Areas

2 CDI and DRG Curriculum Development

Goal is to launch two accredited curricula in partnership with local colleges.

3 Medical Coding Training Partnerships

Partner with two leading universities in KSA to offer comprehensive coding and RCM training by 2025.

Consulting & Outsourcing Market Analysis

Colleges & Universities

Growing demand for RCM-related curricula, especially in CDI and HIM.

Healthcare Clusters & Regulators

Require consulting for compliance with DRG and accreditation standards (CBAHI, JCI).

Vendors (Healthcare Providers)

Outsourcing of end-to-end RCM services to improve financial performance.

Segment	Market Size (2025)	Integra's Target Share	Revenue Potential (SAR)
Universities & Colleges	SAR 200 million	1.5%	SAR 3 million
Clusters & Regulators	SAR 300 million	2%	SAR 6 million
Vendors (Hospitals/Clinics)	SAR 1.2 billion	3%	SAR 36 million

Strategic Focus for Consulting & Outsourcing

1

Build Partnerships with Government Regulators

Offer advisory services related to DRG-based reimbursements.

2

Collaborate with Private Clusters and Hospitals

Provide fully outsourced RCM operations.

3

Develop Expertise in Regulatory Compliance

Focus on DRG and accreditation standards to meet market demands.

4

Enhance RCM Technology Offerings

Invest in AI-powered solutions to improve efficiency and accuracy.

Launching New Product: Accreditation as a Service (CBAHI, JCI, CHI)

Market Opportunity

- Accreditation compliance is a significant requirement for healthcare facilities in KSA and the GCC.
- Demand for consulting services related to JCI and CBAHI accreditation is expected to grow at 9% CAGR.

Service Offering

1. Gap Analysis & Readiness Assessment: Evaluate healthcare facilities' current compliance status.
2. Documentation & Training: Provide training for quality teams to meet accreditation standards.
3. Mock Surveys: Conduct simulations of accreditation surveys to ensure readiness.

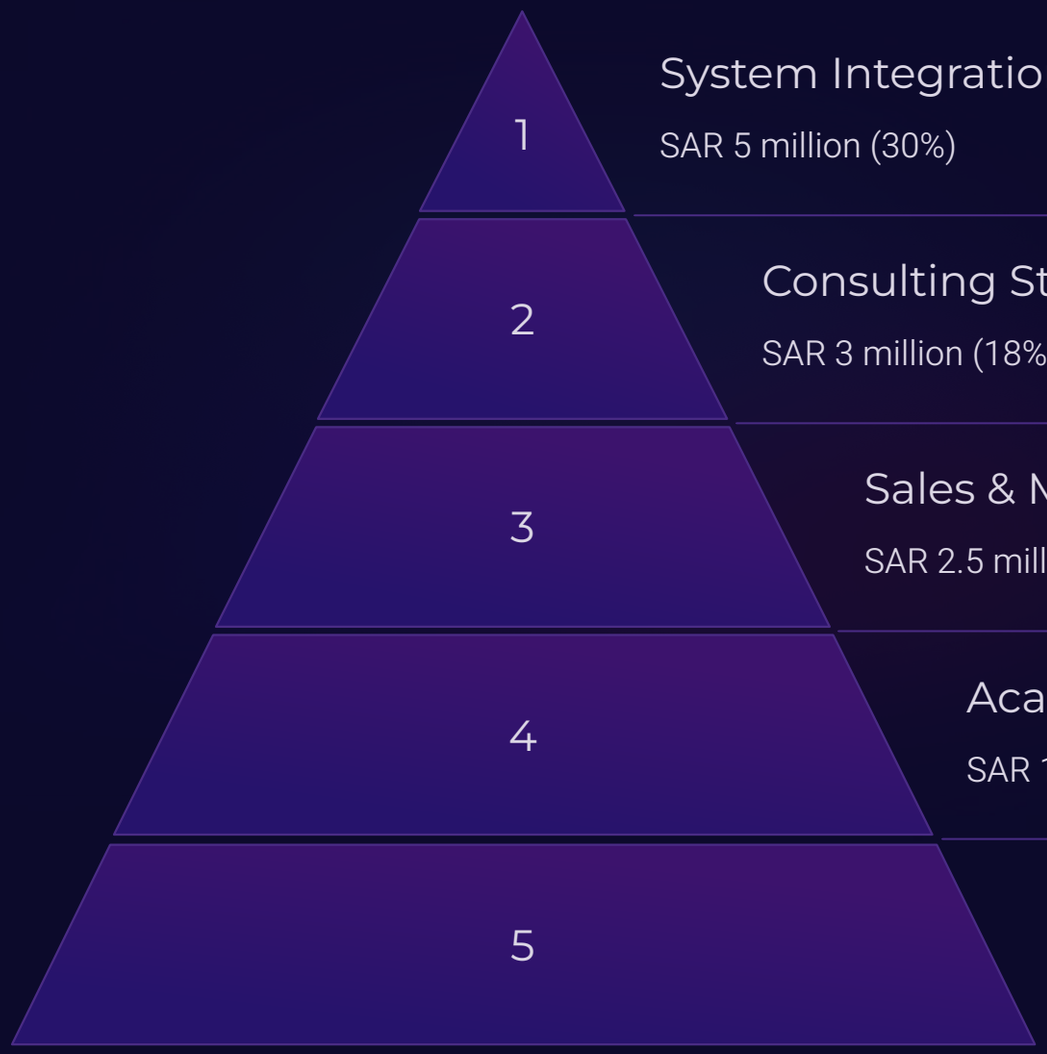
Accreditation Type	Market Size (SAR)	Integra Target Share	Revenue Potential (SAR)
CBAHI	SAR 200 million	4%	SAR 8 million
JCI	SAR 150 million	3%	SAR 4.5 million
CHI Accreditation	SAR 100 million	5%	SAR 5 million

Projected Total Accreditation Service Revenue (2025–2026): SAR 17.5 million

Revenue Estimation (2025–2026)

Revenue Stream	2025 (SAR)	2026 (SAR)	Notes
RCM Solutions (40 Providers)	SAR 14.6 million	SAR 16 million	Based on SAR 250,000/provider
Academy Training	SAR 4 million	SAR 6 million	Targeting CDI and coding curricula
Consulting & Outsourcing	SAR 10 million	SAR 12 million	Focus on regulatory and payers
Accreditation Services	SAR 8 million	SAR 9.5 million	CBAHI, JCI, CHI-related services
Total Revenue	SAR 36.6 million	SAR 43.5 million	Expected growth from academy & consulting

Budget Allocation for 2025–2026



System Integration & RCM Tech

SAR 5 million (30%)

Consulting Staff & Training

SAR 3 million (18%)

Sales & Marketing

SAR 2.5 million (15%)

Academy Development

SAR 1.5 million (10%)

Accreditation Service Team

SAR 2 million (12%)

Contingency & Admin: SAR 1 million (6%)

Total Estimated Budget (2025): SAR 15 million

Key Recommendations

1 Public-Sector Focus

Prioritize RFPs for governmental hospitals, which offer long-term contracts. Collaborate with the MOH to showcase pilot projects demonstrating RCM value.

2 Academy Launch

Establish partnerships with colleges to introduce CDI and medical coding curricula. Seek accreditation for the academy to increase credibility and demand.

3 Consulting and Outsourcing Strategy

Target regulators and payers for RCM advisory services related to DRG implementation and coding workflows. Focus on AI-enhanced coding and performance benchmarking tools to differentiate Integra's offerings.

Current Challenges

Low Profile

Limited awareness of Integra's expertise in managing fully RCM-integrated providers.

Action: Invest in marketing and partnerships to highlight case studies or success stories.

Lack of Trust

New entrants or smaller players may struggle to establish credibility.

Action: Focus on quality assurance and testimonials from existing fully RCM-operated clients.

Exit Mode

Staff retention is a common issue, particularly in fully outsourced RCM environments.

Action: Offer training, competitive benefits, and clear career paths.

Numbers & Potential Growth

1

Short-Term Growth (1-2 years)

Penetrate 3-5% of the GCC market for fully RCM-operated providers.

2

Long-Term Growth (3-5 years)

Achieve a market share of 7-10%, tapping into the growing adoption of AI-driven RCM systems and consulting needs.

3

Future Goals

Facilitate AHIMAA accreditation, launch Integra Academy, and develop specialized teams.

Ongoing Projects

Marketing Team Preparation

Company Profile – Website development – Academy Profile

Social Media Presence

Enhance online visibility and engagement

Academy Accreditation

Obtain SCHFS accreditation

Strategic Partnerships

Curriculum Development for Alamosa College, Partnership with Al Moosa College, Joint Venture with Waseel or Iceena

Future Projects and Development

1

In-house Operations

Develop in-house operations instead of operating at hospitals

2

Front-end Training

Train hospital staff for front-end operations

3

Specialized Teams

Develop teams for Denial Management, IT infrastructure, Customer Care, and Collection

4

Fully RCM Clients

Increase the number of clients using full RCM services

Market Research & References

Global Market Reports

- Revenue Cycle Management Market Size Report, 2030 - Global market estimated at USD 306.8 billion (2023)
- Hospital Revenue Cycle Management Market Report, 2030 - Global market at USD 82.01 billion (2023)
- AI In Medical Coding Market Size Report, 2030 - Global market at USD 2.06 billion (2022)
