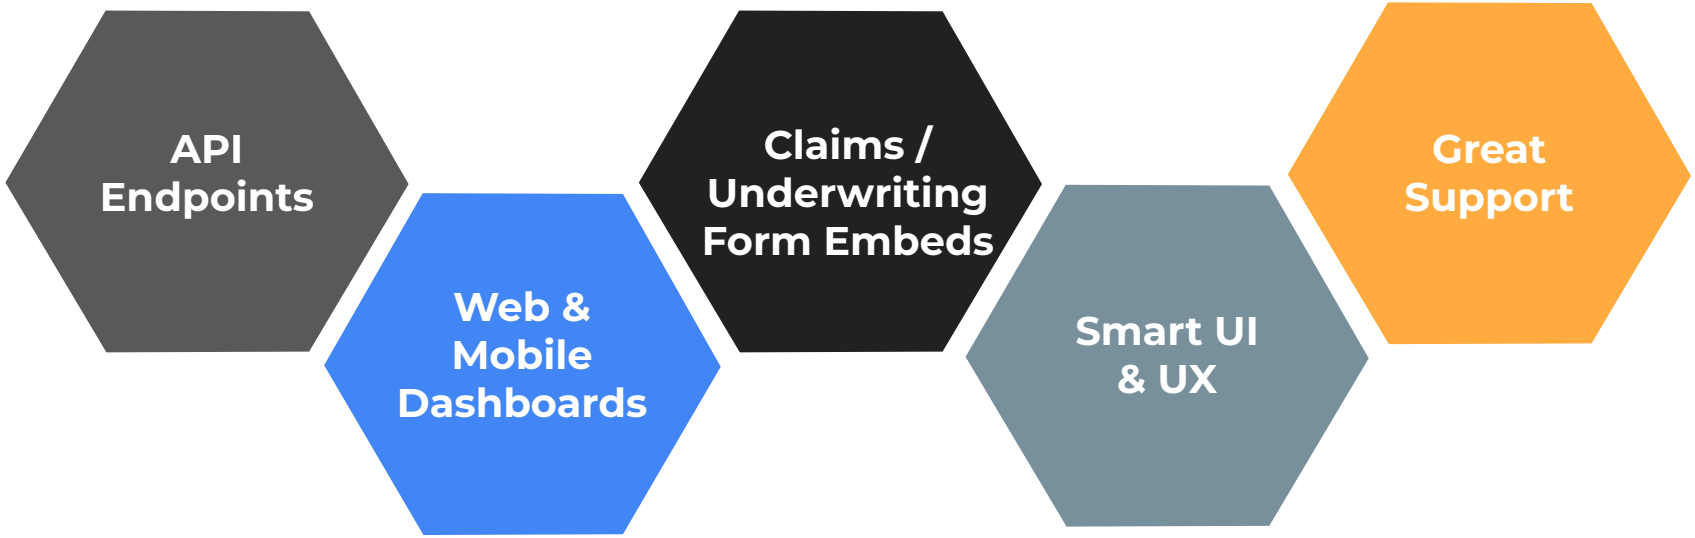
Juan Cazcarra
CFO AXA

"Curacel's technology has helped to drastically reduce AXA's turnaround time for claims processing and led to over 20% cost savings from curbing Fraud, Waste & Abuse (FWA), saving us $13m in 6 months of deployment"

Curacel

Easy Integration With Existing Systems



Curacel

Your Preferred Insurance Technology Partner

Global Reach

Our expansive infrastructure and network across the world enables you to operate in multiple markets without all the hassle of finding new integrations or negotiating terms with other insurance technology companies.

Easy Claims Processing

With our AI technology, claims can be submitted and processed in real time making it easy for your users to enjoy the benefits of their insurance policies

User Experience

Our key focus is to ensure your customers satisfaction and peace of mind. Our core business is in making user experience with insurance be the very best it can ever be!
